Title

Help *[name of care institution or school]* get a Tovertafel!

Dear *[first name]*,

No one should have to compromise on happy moments and heartwarming experiences. That is why we are saving up for a Tovertafel - and we need your help!

[Image]

But first, what is the Tovertafel?

The Tovertafel ('magic table' in Dutch) is a warm technology used in care/educational spaces that improves the quality of life of seniors living with dementia/ that challenges adults with intellectual disabilities to get the best out of themselves/ that provides teachers with classroom support through light projected serious games.

For more information about Tovertafel and its benefits, head over to this *[video]*

For children with special needs

Why are we saving up for the Tovertafel?

The Tovertafel is used in care institutions worldwide and activates people with cognitive challenges. These games can be life-changing as it positively impacts their physical and social interactions - which we want our residents/ clients/children to experience every day.

Want to help us? You can do the following:

- Donating *[link to your crowdfunding page]*
- *[Option 1, e.g., buying something]*
- *[Option 2, e.g., going to a street fair]*
- Sharing this campaign on social media or with your friends, family, and loved ones.

Your donation won't go unnoticed. In the eyes of our residents/clients/children, your support will go a long way! Thank you.
